#### **25.01.05 Clerk Update**

a) Lloyds Bank are starting to charge us from 01.01.2025. The clerk reported that she had looked in to alternative options and for now thought it was best to remain with Lloyds Bank as other banks were likely to follow suit and it was not easy to move to another bank. The charges are likely to be around £80/pa.

b) Due to retirement we need to find a new website provider. Eric Roy who designed and hosted the website for several years is retiring and we need to find a new website provider. The clerk reported that she had a recommendation of a company in Mansfield called JKE Design who are competitive. She will make further enquiries with a view to approving a new website provider at the next meeting. There has been some suggestion that the website may need updating, but we will try to avoid that for the time being.

**25.01.06 Public Participation.** A member of the public, made the meeting aware of his disappointment at the lack of action regarding the upgrading of the Admaston village signs and the continued lack of a speed limit. He reported that the existing Admaston sign which now looks very odd, as the faded ESBC sign was removed, and the existing sign stands on 2 x 10ft poles with nothing else, is now a danger, as the existing poles are corroded at ground level. The clerk reported that she had repeatedly emailed, her contact (given to her by Cllr Philip Atkins SCC) in the highways division about the very subject, in desperation she had finally informed Cllr Philip Atkins of her frustration. As the sign was now dangerous she would use the 'Report it' facility.

### 25.01.11 Speeding cars and motorbikes S59 signs –village gateway signs

Speeding Cars and Motorbikes S59 signs.

Following the last meeting the clerk approached Cllr Philip Atkins regarding the state of the Admaston village signs and a request for 'please drive carefully signs' to be added to the signs in a bid to make drivers aware they were entering a village. He suggested village gateway signs funded by the parish. The clerk explained that these were not considered possible due to the cost of the signs for a small parish. He offered to help fund the signs from his DHP fund. The cost of 2 x signs will be approximately £2,000.00, plus a permit to dig £379.00, a section 50 licence £398.00, plus the cost of installation and possible traffic control. An estimated ball park figure of £4,000.00.

2 residents of Admaston have pledged financial support for the project. The parish councillors resolved to proceed with the project at this stage, on the understanding that it would be funded by individuals, fundraising initiatives and possibly from parish reserves but not from the precept in 2025/2026.

The clerk will update Cllr Philip Atkins so that a meeting with Kayleigh Lees can be arranged from the Highways division to progress further.

**25.01.12 Admaston Telephone Box.** The lengthsman and Mr Paul Riley will reinstate the telephone box as soon as the weather allows.
